SPORTS BUSINESS MINOR REQUIREMENTS

Sports Business Minor Overview
The Lundquist College of Business offers a minor in sports business, which is designed to provide non-business students important skills to succeed in the economy related to sports. The minor develops student skills in teamwork, writing and oral communications and has been designed to complement many of the diverse majors at the UO. The Sports Business minor is intended to provide baseline business skills and knowledge to students who are not intending to pursue a sports business career per se, but rather are pursuing sports-related professional paths where business acumen is a supporting skill (e.g., a sports journalist, a sports psychologist, a sportswear designer).

- The minor requires twenty-four credits from approved courses, with a minimum of twelve upper division courses, including at least one 400-level course.
- A minimum grade of C- (C- or P in lower division courses) is required in all minor courses.
- It is possible to earn more than one minor within the Lundquist College of Business. However, for students earning more than one business-related minor, no more than three courses can be used to satisfy multiple business minors.

In order to declare the minor, students must not have a Pre-business, Business, or Accounting major declared. General Social Sciences (GSS) majors with a concentration in Applied Economics, Business and Society (AEBs) are permitted to declare the Sports Business minor but they must adhere to the GSS double dipping policy. See https://gss.uoregon.edu/faqs/ for more information.
