Visit Lillis 240 for in-person, drop-in tutoring. No appointment is needed.

- **Check the schedule.** Review tutoring times to find out when help is available for specific courses.
- **Sign in.** Stop by the front desk immediately upon arrival.
- **Ask questions.** Arrive with specific questions to get connected with a tutor right away.
- **Stay and study.** Work independently or collaborate with classmates, and continue to get tutor help, as long as tutoring remains scheduled for that course.

3. Tips for Successful Tutoring Sessions

We want your experience at Braddock Tutoring to improve your learning skills and understanding of course concepts, so you can succeed in your courses. Students who have the best experience typically do the following:

- **Maintain a growth mindset.** Understand that learning takes time. Stay positive, be persistent, and learn from mistakes.
- **Stay on top of things.** Go to class, take notes, do the readings, and actually try the homework before it is due.
- **Avoid last-minute stress.** Do not wait until right before an exam or assignment deadline to get help.
- **Attempt questions first.** Use lecture slides, class handouts, textbooks, notes, or collaborate with classmates.
- **Have a game plan.** Figure out what concepts or problems are causing the struggle.
- **Bring the right gear.** Remember to bring laptop or tablet, notes, stationery, and any textbooks and handouts for the course.

4. Frequently Asked Questions

My tutors before coming to UO helped me complete my homework so I would receive full credit. Can Braddock tutors help me in the same way?

Braddock tutors cannot provide answers or complete assignments for students. Instead, they help students understand concepts, apply problem-solving strategies, and work through examples so they can complete their own assignments successfully. We want to support your learning and help you develop the knowledge and skills needed to succeed in your courses.

I have a lot of homework to do and notes to review. How long can I stay and study in Braddock?

You are welcome to study in our center as long as tutoring is available for the course you are working on. To support your well-being and learning, we may occasionally encourage students who have been studying for many hours to take a break outside the center and return later. For example, if we notice that you appear fatigued or are spending more time on your phone or socializing than studying, a break may help you recharge and refocus. Both your instructors and our staff encourage consistent study habits rather than last-minute cramming.
