

# O

# MBA MSF

---

TWO FOR ONE

Our concurrent MBA/MS in finance (MSF) degree option enables you to get two degrees in two years, making you that much more marketable.

Whether you are considering an MBA or an MSF, there are advantages to getting both degrees concurrently.

- Earn two degrees in as little as 21 months.
- Take six fewer courses than if each degree were earned separately.
- Work in the United States for up to three years after graduation by adding an MSF to your MBA.\*
- Expand your career options with highly desirable skills.
- Stand apart in job searches with a unique dual degree.

Plus, you can focus your MBA specialization in sustainable business, sports business, entrepreneurship and innovation, or advanced strategy and leadership, gaining access to dedicated industry exposure.

*\* MSF IS A CERTIFIED STEM (SCIENCE, TECHNOLOGY, ENGINEERING, AND MATH) DEGREE, CURRENTLY ALLOWING INTERNATIONAL STUDENTS A TOTAL OF 36 MONTHS OF OPT (OPTIONAL PRACTICAL TRAINING) UNDER U.S. LAW.*

## REQUIREMENTS

The concurrent MBA/MSF allows you to complete both degrees simultaneously, reducing the total number of credit hours and courses required to obtain both degrees.

Students typically complete the MBA core requirements in the first year, followed in the second year by the MSF requirements and MBA electives. Specific courses required for the MBA degree depend on the chosen specialization area (sports business, sustainable business, entrepreneurship, or advanced strategy and leadership).

### 21 OR 23 MONTHS. YOU DECIDE.

**21 Month Option:** Starts in the fall and would send you straight through both programs without an internship.

**23 Month Option:** Starts in the summer and would allow for an internship.
